

```
> local <- source("exam2-3local.R")
> local
```

```
$value
```

```
$visible
[1] TRUE
```

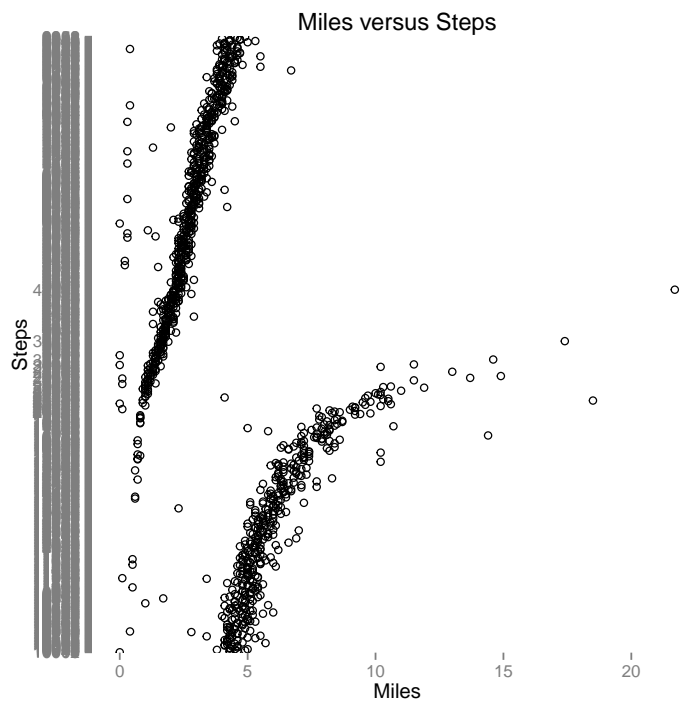

This graph indicates the covered by the people to the number of miles covered.

```
> library(devtools)
> remote <- source_url("https://dl.dropboxusercontent.com/u/44525998/exam2-3remote.R")
> remote
```

```
$value
```

```
$visible
```

```
[1] TRUE
```

This a mirror plot of the of the Steps vs Miles plot.
